Mr. Jules Lozowick  
Community Relations Manager  
Western Electric Company  
Gateway II  
Newark, New Jersey 07102

Dear Jules:

As per our discussion, early in 1972, that toward the end of this year our cash flow position might be such that it will be impossible to make a monthly payment to B.I.C.C. as per our agreed schedule. December has now created such a shortage. I am sure you realize this financial difficulty has been caused by several major corporations moving out of the city.

It is my hope that you can make an alternate arrangement for approximately 30 days after we are re-financed after the first of the year.

I appreciate your cooperation in this matter.

Sincerely,

Charles G. Hall, CCE
